Re: Adams County Natural Gas Pipeline

Dear Mr. Wenstrup,

On behalf of the Adams County Board of Commissioners, we are asking for your assistance and support in securing funding for a natural gas line extension into Adams County. Expanding the natural gas pipeline would be beneficial to promote infrastructure, economic development and increased workforce that is crucial to our county, particularly the northern corridor and Winchester Industrial Park.

Thank you for your support and your assistance.

Sincerely,

Diane Ward *yc*
