

Billie Jo Goodwin
Mayor
Village of Manchester
713 East 2nd St.
Manchester, Ohio 45144
937-
725-8437

To Whom It May Concern:

As the Mayor of the Village of Manchester, I fully support community-wide sidewalks. There are businesses in our Village that are not accessible via sidewalk. This is very dangerous for those who do not own a vehicle. Also, some students who live in our HUD housing complex walk to school and have no sidewalks in that part of the village. Again, that creates a dangerous situation, especially in the winter when they are walking on the road in the dark in the morning.

In order to have a safe environment in our community there needs to be sidewalks that enable access to our businesses, schools, library, and parks for all of our citizens. We are, as are many small river towns, in need of many improvements to become economically viable and attractive to new businesses and new residents. The village is working on improving the infrastructure and the sidewalks would be a great addition toward that goal.

I would fully support such a project in any way possible.

Respectfully,

Billie Jo Goodwin

Christine Henderson
President of Council
323 East 3rd Street
Manchester, Ohio 45144
606-584-1525
