Representative, District 2
US House of Representatives

Peebles, OH 45660

Dear Mr. Wenstrup:

I am writing today in support of the Village of Sardinia's proposed Wastewater Treatment Plant (WWTP) and Lift Station Improvements. The Village is struggling to keep our WWTP and support systems functioning. Clean water is one of our residents' fundamental needs and this infrastructure is critical to our community's future. Unfortunately given our dire financial constraints, we find ourselves in a nearly impossible position. We must keep providing this basic human service to our residents, but we cannot afford to make the necessary improvements to do so.

The Village recognizes the criticality of this project and is pledging \$140,202 (or 20%) toward the total project cost of \$701,010. We are asking your strongest support for our funding request of \$560,808 so we can make these urgent repairs to our wastewater treatment system.

Sincerely,

Amy G. Mason
