The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C., 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Scioto Valley Regional Water Reclamation Facility and Water Treatment Plant in Fiscal Year 2023.

The entity to receive funding for this project is The Village of Piketon, located at 411 West Street, Piketon, Ohio 45661.

The funding would be used for significant investments in the Village of Piketon's water treatment and wastewater treatment infrastructure to improve its capabilities and increase its capacity to provide potable water and to treat wastewater. A condition assessment was completed for the water treatment plant and the wastewater treatment plant, indicating both plants have reached the end of their useful lives. The recommendation is to construct a new wastewater treatment plant and a new water treatment plant & booster station. The Village of Piketon's new wastewater treatment plant and water treatment plant will not only support community health and economic growth, but they will also support regional industrial growth.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Brad R. Wenstrup".
